

GAME RULES

HOW IT'S WORK ?

1

Use the command **!ghost** to make a cute ghost appear and hang out on your stream.

It will display the name of the person who summoned it above its head.

2

Anyone with permission can make a character appear

(by default, everyone is allowed to do so)

3

They don't do much besides walking around and chilling.

Interact with them using 4 commands:

!cry , **!angry** , **!pizza** and **!glasses**.

The streamer can use the **!ghostoff** command to make all ghost disappear

Commands List:

!ghost (spawn a ghost)

!pizza

!cry

!ghostoff (clear all ghosts)

!angry

!glasses
